Applying for Financial Aid

Complete all steps below to apply for financial aid. Note: There are financial aid options that are not based on need. Most students in our graduate education programs use financial aid to pay for the program. We recommend that you complete these steps as soon as possible to make sure that your payment arrangements are in order by the first night of class. For help, please contact the Financial Planning Office at (502) 863-8033.

How to Apply for Financial Aid:

2. Review your Student Aid Report (SAR) for accuracy. You will receive this form 7-10 days after the FAFSA is submitted. If there are any errors on your SAR, log back into your FAFSA to make corrections.

3. Complete Loan Entrance Counseling and the Master Promissory Note. Both can be completed at www.studentloans.gov (you will need your FSA ID from Step 1).

4. Request Financial Aid. *You cannot request financial aid until you have been registered for class. Contact Joseph Jaspersen at Joseph_Jaspersen@georgetowncollege.edu. In your email, please include your name, student ID # (if known), the number of hours you have registered for, and the type and amount of financial aid you are requesting.

The Federal (Title 1) Teacher Loan Forgiveness Program:
If you and your school qualify, this program may provide loan forgiveness for eligible Federal Direct Loans. This is a separate program requiring separate forms and processes. The U.S. Department of Education will determine your eligibility for this program. Georgetown College is not responsible to verify your eligibility for this or any other program. Please do not base your enrollment on this program as it can be difficult to ensure qualification for Government Programs, which are subject to reform and funding changes.

You must call 1-800-4-FED-AID to verify your eligibility or visit https://studentaid.ed.gov/sa/repay-loans/forgiveness-cancellation/teacher for more information.

The TEACH Grant:
The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides up to $4,000 a year in grant assistance to students who plan to teach in certain high-need fields. In order to be eligible for a grant, a student must submit a FAFSA form and sign a Declaration Sheet to agree to serve as a full-time teacher at certain low-income schools and within certain high-need fields for at least four academic years within eight years after completing (or ceasing enrollment in) the course of study for which the candidate received a grant. By signing the Declaration Sheet, you are confirming that you meet the stipulations of the TEACH Grant as outlined in the Declaration Sheet.

For more information please contact the Financial Aid office at (502) 863-8033 or fp@georgetowncollege.edu.
Complete all steps below to enroll in a monthly payment plan. This plan will allow you to spread out tuition payments over the entire semester, and will break your tuition bill into more manageable payments.

Federal Student Loans are also available for graduate students (see page 7).

NOTICE: Your first payment will be due no later than the start of your first course. If you have not made financial aid or payment plan arrangements by the start of your first course you will receive a bill via e-mail to your My.GeorgetownCollege.edu account. Tuition bills will be e-mailed monthly; paper bills will not be mailed.

How to Enroll in a Deferred Payment Plan:

1. Log into your My.GeorgetownCollege.edu account to view your tuition E-Bill.

3. Continue to make your scheduled payments. The Deferred Payment Plan allows your to make three consecutive monthly payments over the course of a semester. Each payment will be 1/3 of your total bill for the semester.

Questions? Contact the Business Office by phone at (502) 863-8700 or by e-mail at student_accounts@georgetowncollege.edu

In order to be considered for an alternative-certification position, you must meet all admissions criteria before you may interview for a position. The state requires 200 hours of pre-clinical field hours and a full-time, 14 week student teaching experience, which must be completed while not being in a paid position. This does not apply if you are in an alternative certification status.

*Total credit hours must equal at least 60 hours in order to get Rank 1.
For:
The Master of Arts in Education degree with initial teaching certification is for individuals who hold a bachelor’s degree
degree with content courses in a certifiable major who wish to become a teacher. The subject area(s) in which you are eligible for
certification will depend on the previous coursework you have completed as a part of your bachelor’s degree.

What you learn:
The Master of Arts in Education provides initial teaching certification at the middle or high school levels in biological science,
chemistry, physics, English, mathematics, and social studies. Certification for teaching at all grade levels is offered in art, French,
German, Spanish, and instrumental or vocal music. The program is available to individuals who hold a bachelor’s degree with a
major in one of the above-listed or closely related areas.

Program Options:
Students may choose from two tracks: Traditional Initial Certification - Choose from a wide range of certification areas, building
on your personal interests and educational background; Alternative Initial Certification - Due to a lack of certified teachers in
specific areas, some schools are willing to hire candidates who have a bachelor’s degree in the high-need content area and are
enrolled in an alternative certification program under a temporary provisional certificate.

How you learn:
This is a fully online cohort. You will log into the online classroom using our online learning management system to participate
in online activities which may include assignments, webinars or chats, materials, discussion threads, assessments and/or group
activities done electronically. You will finish one course every 7 weeks. Following this schedule, you will complete the program in
approximately 2 years.

Career Outcomes:
Upon completion of this program students will have earned a Master of Arts in Education degree and initial teaching certification
in the chosen certifiable subject area. A passing score on the appropriate Praxis exam(s) will be required to earn your initial
teaching certification.
